Dear Sir,

We are refugees from Hungary and at present in Vienna. We have the great desire to emigrate to U.S. and continue there with our work in biochemistry. We enclose a short curriculum vitae for Your information.

Generally speaking we have a good chance to be admitted as immigrants, but we are of course in need for some support like fellowships or research-assistants, either in your or in some other department.

We should be greatly obliged to You if You would give some attention to our application.

We can be contacted in c/o Privatdozent Dr. O. Hoffman-Ostenhof - First Chemical Institute of University of Vienna (Wien, IX. Währinger Strasse 42).

Very truly Yours
Peter Lengyel
